Microsoft Scam Hits RC Technologies Customers

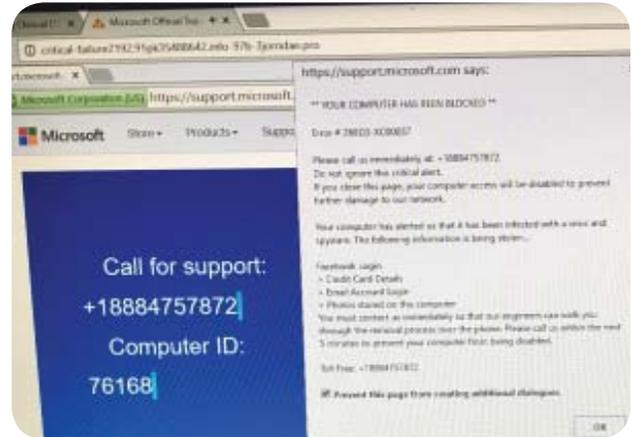

Do not call anyone but RC for technical support

If the picture to the right has popped up on your computer screen, you are not alone. If you see a tech support pop-up, asking you to call a phone number to fix your Windows computer or Apple Mac OS, then your machine might be infected with an adware or a potentially unwanted program. Do not call them!

The fake Tech Support pages are usually malicious websites which are used by cyber criminals to promote their remote support services. These Tech Support pop-ups will state that your computer is infected and that you need to call their paid support service to remove the infection. This is a bogus claim, and an attempt to make you pay for their malware removal "services". Staying safe:

- Keep your computer updated with the latest anti-virus and anti-spyware software. Also use a good firewall.
- Never open attachments or click on links in emails unless you can verify the sender and you trust them.
- Never rely on the contact details provided in a pop-up message. Instead, find your anti-virus vendor's contact details through their official website.
- Avoid questionable websites. Some sites may automatically download malicious software on to your computer.
- Use reputable pop-up blocker software to avoid pop-ups on your computer.

If you'd like to take advantage of RC's computer cleaning services, give Noah a call at 637-5211.

Coffee CHAT

Join RC for a Coffee Chat in Corona!
Come to Spuds & Suds and let us know how we can better serve your communication needs. No sales pitches, just coffee, rolls and conversation.

RC Technologies Privacy Policy

We will not sell your information

RC Technologies is strongly committed to protecting your privacy online when visiting our website. This privacy statement outlines the information RC Technologies will collect on the website and how we will use that information.

For each visitor to the website, our web server automatically recognizes and collects the individual's domain name, not their email address. RC Technologies does not collect any personal information about you except to the limited extent through the use of "cookies" as described below. RC Technologies also collects certain personal information with respect to its consumers in order to provide you with its services. Such personal information collected by RC Technologies is kept strictly confidential and is used for internal purposes only, including, without limitation, providing you with requested services, improving our marketing and promotional efforts, statistically analyzing RC Site usage, improving our content and site offerings and to customize our sites' content and layout. We believe these uses allow us to improve the RC Sites and better tailor them to meet our users' needs.

RC TECHNOLOGIES DOES NOT SELL, LEND, RENT OR OTHERWISE DISCLOSE ANY PERSONAL INFORMATION TO ANY THIRD PARTIES. However, your personal information may be shared with affiliates, agents or contractors of RC Technologies in connection with services that these individuals or entities perform for RC Technologies. Scholarships Available

Deadline to apply is May 31, 2017

The South Dakota Telecommunications Association (SDTA) has announced that it will award three \$1,500 SDTA Memorial Scholarships for the 2017 fall semester.

The SDTA Memorial Scholarships will be awarded to students who have completed at least two semesters of a multi-year program at any of South Dakota's accredited technical schools or two semesters at any other accredited post-secondary higher education institution in South Dakota. Applicants that attend a post-secondary higher education institution must be majoring in a program with technical skills or a field of study that is particularly useful for work in the telecommunications or broadband industry. The applicant must be a member/customer or have parents that are members/customers of an SDTA member company.

The SDTA Memorial Scholarship program began with a single \$300 scholarship in 1987. Since the scholarship fund was established, nearly \$66,000 has been awarded and 88 young South Dakotans have received financial assistance with their post-secondary education.

The deadline to apply for the scholarship is May 31, 2017. Applications are available from any South Dakota post-secondary institution student financial aid office, the SDTA office (605-224-7629 or info@sdtaonline.com) or any SDTA member company. RC Technologies is a SDTA member company. The scholarship can also be completed online at <http://sdtaonline.com/resources/sdta-scholarship>.

In honor of all our brave men and women in uniform, past and present, RC Technologies offices will be closed on Monday, May 29.

Memorial Day, as a formal holiday, is an American holiday. It is celebrated to remember military service members who have died in the line of duty. Memorial Day was originally called Decoration Day, as the holiday was centered on decorating the graves of those who had fallen in the Civil War.

In 1882, the name of the holiday was changed from Decoration Day to Memorial Day. After World War I, the holiday was expanded to remember soldiers from all American Wars. In 1971, Richard Nixon made Memorial Day a national holiday that was to be celebrated on the last Monday in May.

TELEVISION TIMES

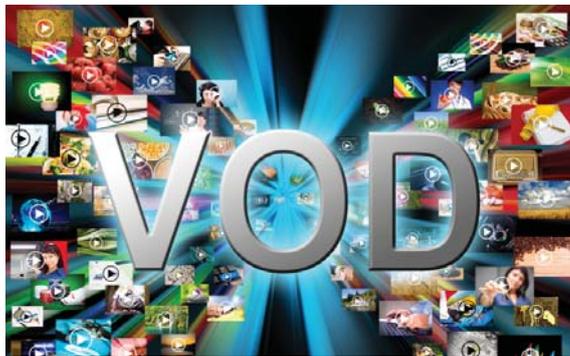

Vol. 2 No. 5

Your Source For All Things RCTv

May 2017

Channel of the Month

RC's channel of the month for May is truTV. The network was originally launched in 1991 as Court TV, a network that focused on crime-themed programs such as documentary series, legal dramas, and coverage of prominent criminal cases. With its relaunch as truTV in 2008, the network revamped its lineup with a focus on reality shows and "caught on camera" programs, which the network marketed as "actuality" television. In October 2014, truTV's lineup was reoriented with a focus on comedy programming and comedy-based reality series. Such favorites as Impractical Jokers, Most Shocking, Hardcore Pawn, and Southern Fried Stings can be found at truTV located in RC's basic package on channel 123.

Video On Demand is coming to RCTv!

RC is pleased to announce the addition of Video On Demand (VOD) coming soon! VOD will give you the opportunity to rent Hollywood blockbusters from the comfort of your couch with just the push of a button on your remote control. RC will also have FREE content available, such as school events, tractor runs and much more. Be sure to watch for the special mailer notifying you once the service is available.

Interesting Shows

Blue Bloods is an American police procedural and legal drama series that airs on CBS. The series is filmed on location in New York City with occasional references to nearby suburbs. Each member of the family represents a different aspect of police work or the legal process: Frank as the administrator, Danny as the investigator, Jamie as the beat cop and Erin is the prosecutor. Additionally, while each person's story might occasionally interweave with another's, the show also follows the professional relationships with their respective partners and colleagues. Friday nights at 9:00 pm on CBS, RCTv 3.

Two time travelers, Cole and Cassie, must journey throughout time to prevent the Army of the 12 Monkeys from destroying all reality. 12 Monkeys returns on May 19 with all 10 episodes airing in an epic 3 day marathon. Afterwards, go to Syfy.com and the Syfy Now App to binge the whole thing. Syfy can be found on RCTv channel 125 in the basic package.
