

Customer Proprietary Network Information Form

The FCC has implemented rules to protect the privacy of your information contained in your account with RC Technologies. The rules allow RC Technologies to discuss account information only with the person(s) listed on the account. Also, we must be able to authenticate that person and will do that by asking a specific question to which you have previously provided us the answer.

Although we have always treated your account information with confidentiality, please help us in our effort to further ensure that we protect the information by completing the following:

Question of authentication: In what city were you born? _____

If your account is listed only in your name, you might want to consider adding another name, if appropriate, for example: a spouse or a family member. If you are a parent or individual that relies on someone else to discuss account changes, payments, or anything else with our company, you will need to have that person's name added to your account. The name does not need to be added to the billing name but can be added to our records as an authorized person for discussing information and making changes to your account.

_____ No, I do not want to add any additional authorized contacts to my account.

Name 1: _____

Name 2: _____

Account Name: _____

Account Number(s) : _____
