Enhance your service

With **RC's** Advanced Managed Wi-Fi Service you can also add on additional services that make sense for your lifestyle.

ProtectIQ™ provides protection against viruses, malware, and malicious websites, keeping your network and devices safe from cyberattacks.

ExperienceIQ™ provides you with the tools needed to enforce the Internet rules you've established for your home. Set up profiles for your children or devices, filter content, websites, and applications, and set appropriate time limits.

Everything you want in Wi-Fi.

What is GigaSpire BLAST Ultimate Managed Wi-Fi?

It's Wi-Fi Unleashed! Safe, fast, reliable Internet service that covers your whole home. Managed all from the palm of your hand with the **CommandIQ** app and powered by the **RC Technologies** GigaSpire BLAST, with Wi-Fi 6.

Why do I need it?

Get and stay connected the easy way! **RC** provides your worry-free solution for the ultimate Wi-Fi experience. For only pennies a day, you can have a reliable Wi-Fi experience with none of the stress. **RC Technologies'** GigaSpire BLAST Ultimate Managed Wi-Fi gives you peace of mind with 24/7 remote support and, if we can't resolve your issue remotely, we'll come to you, during business hours, at no extra charge. Put your Wi-Fi experience in the hands of the **RC's** tech team.

The Ultimate Wi-Fi Experience comes with:

- Installation of the system and service, optimization of your entire home Wi-Fi network, and connection of your devices.
- 24/7 remote support
- Automatic Wi-Fi security updates
- FREE repair and replacement: if your system stops working, we'll replace it free of charge
- FREE Wi-Fi assessment: as part of your installation, we'll make sure you have coverage where you need it
- FREE onsite support: if we can't fix it remotely, we'll come to you, no trip charge
- Set up of your mobile app: with **CommandIQ** you can control your network with this easy to use app

Why does my current Wi-Fi have problems?

There are several key factors that impact your internet and Wi-Fi performance:

- **An old router with outdated firmware** can be a primary cause of speed and performance issues. With **RC Technologies'** managed service, we make sure you have the latest technology and that it stays updated with the latest firmware and security.
- **The placement of your old router** could be causing problems as well. We'll make sure your new Wi-Fi system is ideally located to ensure seamless wall-to-wall coverage.
- **Weak signals from inexpensive Wi-Fi solutions** can cause significant coverage problems. **RC Technologies'** new GigaSpire BLAST system ensures a consistently strong signal throughout your home and business.
