

Quick Start Guide

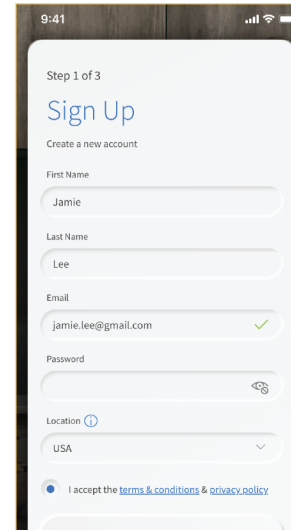

Setting Up the Command IQ App

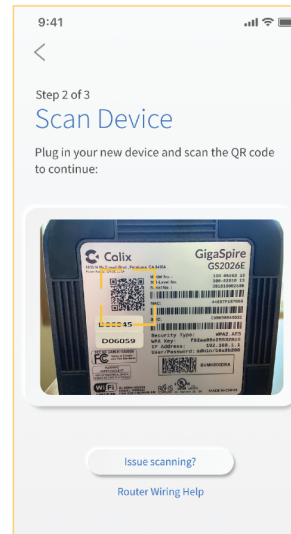

- 1 Download the app., You can search either the Apple App Store or Google Play Store for: 'CommandIQ™', then install it on your mobile device.
- 2 Select "SIGN UP" towards the bottom of the screen.

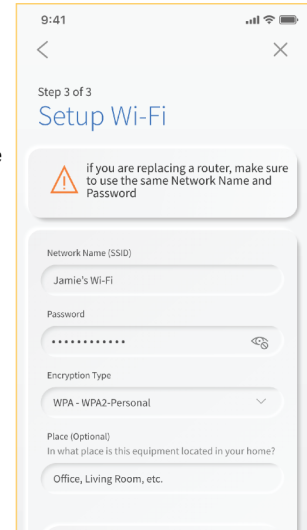

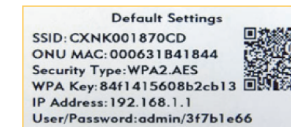

- 3 Enter your information. The password you enter here will be used to access the app.

- 4 If your if your BLAST is plugged in and connected select "Yes" to continue.

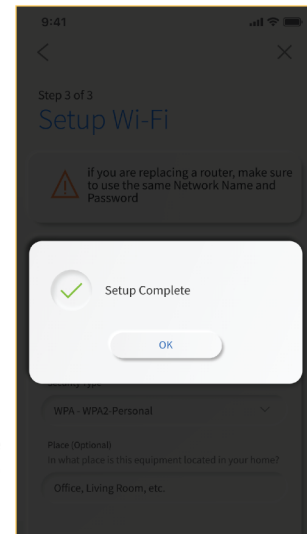

- 5 Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera). Point your camera at the QR Code found on the bottom of your GigaSpire BLAST Srouter. Select OK. After you select "Submit", you may be asked to enter your account number.

- 6 **Note:** If your system is already operating with Wi-Fi, tap the "Click here to skip" text.

- The Router Name will be used throughout the app.
- The Network Name (SSID) is what you will use as your wireless connection name.
- Select a password for your wireless network, if you do not want to change it on all the devices in your home, use your existing wireless SSID (Wi-Fi Network Name) and Password from your current router.

Click Submit and you're all done!
